- Joanne Woolich on 07943 831778 (London) or Goldie Benedikt on 07341 088954 (Manchester)

## Refer online:

- You can refer a child online by visiting our website at [www.campsimcha.org.uk](http://www.campsimcha.org.uk) and clicking on the link at the top of the page "Refer a Child"

For any of the above, if you are not the parent then you will need consent of either parent to pass on their full name and contact number, name and age of the sick child, details of the medical condition and any other relevant details regarding social background for example explaining that mum is struggling to cope on a daily basis. We hope to acknowledge your email/online message and be in touch direct with the family within a couple of days.

## How To Discuss a Potential Referral:

If you have a family in mind who may be eligible for our support, we strongly encourage you to discuss this with us in complete confidence:

- Call our chief executive, Daniel Gillis, on 020 8202 9297
- Visit our website at [www.campsimcha.org.uk](http://www.campsimcha.org.uk) and click on the 'Refer A Child' link at the top of the page providing your name, number and email address. We usually get back to you within a couple of days.
- Email [help@campsimcha.org.uk](mailto:help@campsimcha.org.uk)

We do not ask you for ANY personal details at this stage, as we may not be the best charity to help, in which case, we will signpost you to other sources of support. If however, after discussion, it is agreed that the family are eligible for our support, then we suggest that you proceed to explain Camp Simcha's services to the parent (please refer to our website or to our Hospital Outreach Coordinators for information) and encourage them to either call us direct on 0208 202 9297 or to give their permission for you to pass their contact details to us – please see How to Make a Referral above.
